

DUPI

PREFABRICATS

www.dupiprefabricats.com

We are a 30 years experienced company in the **URBAN FURNITURE** sector, specialized in **BEACH PRODUCTS**, and with a wide range of products in the market.

Our products are designed and built paying attention to specific needs of the different maritime weather conditions: salinity, sun, wind and humidity; that is why we build with high quality materials prepared to withstand the inclemency of the outside.

DUPI products have an innovative and attractive design with a maximum functionality and technical quality respecting the environment, both in construction and in application.

We would like to emphasize the great success our **MODUBLOC SYSTEM** is getting. It is composed of different sizes units, which can be installed together or separately, and can have multiple functions:

- Toilet public services
- First aid facilities
- Tourist information facilities
- Sales stands, kiosks, bars...
- Bungalows

Our staff, highly qualified, is characterized by the capacity of give solutions to our customers needs.

Dupi Prefabricats team

MODULAR FACILITIES

All our modular facilities can be made of:

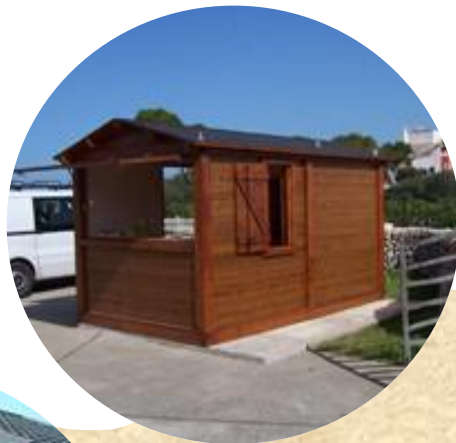

- ~ Wood, material which needs maintenance over the years
- ~ Werzalit, material made of resins very resistant with maintenance free with exterior aspect imitation-wood
- ~ HPL, material very resistant with maintenance free, it can be chosen among a wide range of colours

Standard sizes of the modular units, limited by its functionality in transport are as follows:

- ~ 3,00 x 2,45 x 2,45 m
- ~ 4,00 x 2,45 x 2,45 m
- ~ 5,00 x 2,45 x 2,45 m
- ~ 5,50 x 2,45 x 2,45 m

Also two or more units can be joined to get a higher surface.

Totally adaptable to any environment. They are functional and durable, as well as easy to install and to move.
